

# Terminal Tractor Service Bulletin

Kalmar is part of Cargotec Corporation

<b>Subject: ISB07 Exhaust</b>			
<b>Product:</b> Medium Terminal Tractor	<b>Bulletin #</b> SB09TI0016	<b>Date:</b> 17-Sept-2009	<b>Pages:</b> Page 1 of 1
<b>To: All Kalmar North American Sales Companies</b>		From: Medium Terminal Tractor Product Support	

**Units Affected:** All units equipped with the Cummins ISB07 engine.

**Possible Situation:** Cracked or leaking exhaust turbo pipe and/or bellows pipe.

**Improvement Offered:** Kalmar has enhanced the design of the exhaust pipes listed below to improve the service life.

**Availability:** Components may be ordered through your normal authorized Kalmar distribution channel/dealer.

**Cost:** Leaking Bellows Pipe – Replace using heavy duty flex pipe (PN 53576928). This pipe is available for \$287.52 USD list. Replace the two (2) graphite sealing rings (PN 90032588). The sealing rings are available for \$1.52 (each) USD list.

Leaking Exhaust Turbo Pipe – Replace using exhaust turbo pipe (PN 53575471). This pipe is available for \$506.05 USD list.

**NOTE:** If the vehicle has an insulating blanket on the exhaust turbo pipe it may be removed and discarded.

**Warranty:** Technical information only, no recall or warranty applies.
